

Class: 4A

Name: Mak Yim Fan

Topic: A welcome speech for new students

Good morning Principal, teachers and fellow students,

On behalf of the Students' Union, I'd like to welcome all of you to our school. I'm sure we all want to achieve success and have an enjoyable school life, so this morning I'd like to give you some advice.

First of all, following school rules is beneficial to those who want to achieve academic success and have an unforgettable school life. Following school rules can allow us to have a better learning environment. It is hard to pay attention in class if your classmates are constantly making noises, not to mention getting a good grade. Furthermore, if all of us here can follow school rules, we can create a harmonious learning environment. By reducing conflicts with our schoolmates, we can definitely enjoy a pleasant school life. Hence, in order to achieve success and have a rewarding school life, please comply with the school rules.

In addition to following school rules, making friends can also be important for us to achieve success and have an enjoyable school life. A good friend can help you with your studies, especially when you have questions but the teachers are too busy to offer you help. It is at this moment that you can seek help from your friends. Besides, you can share your feelings with them. In secondary school life, your friends can not only have fun with you, but also share your pain when you feel depressed. Hence, developing strong interpersonal relationships is vital for you to achieve success and lead a meaningful school life.

I sincerely hope that every single one of you here can achieve success and have an enjoyable school life by following school rules and building close interpersonal relationships. May I, on behalf of the Principal, teachers and all senior form students wish you all a fruitful and successful school life.

Thank you!
